

THE CAPITAL THEATRE • BENDIGO

To Whom It May Concern:

It has been my pleasure to have worked with Hao over the last ten years.

Not only does he produce excellent professional shows, he is also a very gracious man, polite and effusive in his dealings with me.

3CT International, Hao's production company, produce entertaining and culturally interesting performances which usually sell out at the Box Office.

I have also found Hao to be very efficient and professional either as a performer or as a producer. One aspect that is particularly memorable is Hao's gratitude for the input we have when working with him.

I look forward to working with Hao many times in the future and wish him all the best with his endeavours.

Kind Regards

Tony Cameron
